Donna C. mentioned outreach begins within the groups. She shared an example of a recent event that has greatly extended our fellowship due to attending this event. Group outreach is critical to growing the fellowships. Wendall reminded members to check with their local newspaper to learn about more events.

No updates to report since there are no plans to have a convention this year.

## GSR ROUNDTABLE: (GSR Reports and Open Discussion)

**New Tampa (Online)- Bonnie J.** – Membership has gone up and down. Added to the Newsletter concerning how to donate when attending a virtual meeting. To increase donations, she shares why the donations are needed. A step meeting is held once a month. Using different methods to engage members to use their step book.

**Lakeland - Mary C.** – Have 15-17 regular members of which some are winter visitors. Five members attending ECC8.

**Tallahassee - Olivia S.** – Membership has dwindled down a bit. One idea to help grow the membership is to have speaker meetings with Nar-Anon members. Bonnie recommends having a speaker meeting in the months when there are five weeks.

**Daytona Beach - Kim F.** - Upcoming event to post to the website. She is attending the Daytona Beach meeting which has gotten smaller, but she is going to focus more time on meetings and surrounding meetings with a goal of bringing them to the region.

**New Port Richey – Donna C.** – New meeting started March 4, 2026, and due to illness, she missed the meeting, but some spondees were able to open the meeting. There were seven (7) members. The meeting is named "The Bobbleheads". Open discussion, start an Area for supporting local groups to get the meetings working together. There are lots of benefits to having an Area.

**Crystal Beach - Maureen A.** – Currently there are 6 regular members and difficult to get any members involved. Getting assistance from Donna C. to help with membership involvement.

**Tampa North – Tony G.** – Monday evening Tampa contributes to the Bay Area. Healthy meeting, 6-10 regular members. There are two members who have lost their children and it's very helpful to the group. Trying to keep newcomers, the come and go offers to help those during crises. They have a monthly step meeting.

**Brandon – Alex J.** – Currently have 6-8 regular members attending weekly. A few newcomers attend.

**Ft. Myers – Rosemary H.** – Currently have 10-15 members attending weekly.

**Citrus County – Wendell O.** – Celebrated groups 2<sup>nd</sup> anniversary.

**New Business:**

1. Vote on donation/contribution to World Services Office (WSO)

Rosemary shared the recommended donation amount is \$1,709.94 which is less the prudent reserve to WSO.

Donna C. made the motion to send the recommended amount to WSO, Mary C. seconded the motion, the motion was approved.

2. East Coast Convention 8 (ECC8) Update

Donna C. is the convention chair, and they are planning the event. It begins on Friday evening at the Hotel Alba Tampa. There is a Saturday night dinner for a charge of \$65. ## Website Chair Report

### Progress Report

Work on the new site is moving forward. Our new webmaster is fully engaged in building it out, and most of the pages are now in place in their draft form so we can confirm nothing is missing. She's also documenting the process, the changes being made, and the remaining steps needed to finalize the project.

A full backup of all current documents, media files, and other site content is underway. This will help ensure we don't lose anything important as we transition to the new platform. Since glitches are a normal part of launching or updating a site, we'll also complete a round of testing before go-live to work through any issues in advance.

We're still working to resolve the edit-form problem on the existing site. Thank you for your patience while this gets fixed. If you need a form updated in the meantime, please send the request with details to [meetings@naranonfl.org](mailto:meetings@naranonfl.org). That inbox forwards to the region chair, website chair, contacts person, and Bay Area secretary so your request will be seen.

### Current Website

February saw increased activity over January with 170 pages visited by 41 visitors, 36 unique users. January had no website traffic. The middle and end of February had the most traffic.

### What the chart shows

- **Totals for the month: 41 visits, 170 pages, 170 hits, 44.12 KB** bandwidth.
- **Daily averages (28 days): ~1.46 visits/day** and **6.07 pages/day**.
- **Pages per visit overall: ~4.15**.
- **Zero-activity days: 11 days show 0 visits** (1–4, 8–11, 16, 18–19).
- **Active days: 17 days had activity, averaging ~2.41 visits/day** on those days.

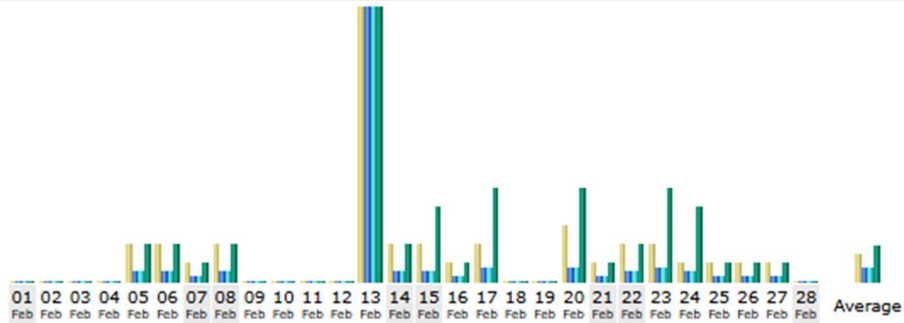

### Notable pattern

- **One big spike on Feb 12: 10 visits** and **112 pages/hits** that day.
  - That single day accounts for **~24%** of all visits and **~66%** of all pageviews for the month.

- Excluding Feb 12, the site ran at **31 visits** and **58 pages** for the rest of the month, or **~1.87 pages per visit**, which is very light engagement.

The good new is I checked for Robots/Spiders, and none of the volume is attributed to bots or testing, so the spikes seems to be real visitors. Possibly ECC8 registrants??

### Insights

1. **Activity clusters on Fridays.** Roughly three-quarters of all pageviews happened on Friday. The other six days combined account for about one-quarter.
2. **Mid-week lull.** Wednesday shows no activity; Monday–Thursday (other than Friday) are minimal.
3. **Light weekend usage.** Saturday + Sunday together are about **12%** of the pages, so there is some weekend reach, but it's small.
